THE 5 STEP FRAMEWORK

Vision & Goal Setting

It ensures every program and activity is aligned to equip students with the skills, knowledge, and confidence needed to excel in the digital marketing industry.

Audience Understanding

Understanding your target audience means identifying who your learners or customers are, what their needs and goals are, and how they prefer to learn or engage and confidence needed to excel in the digital marketing industry.

Teaching & Training Methods

Teaching & Training Methods combine classroom sessions, online modules, workshops,and hands-on labs to provide a blended learning experience. Interactive activities, real-world simulations, and mentorship help students apply knowledge effectively and build practical digital marketing skills what their needs and goals are, and how they prefer to learn or engage and confidence needed to excel in the digital marketing industry.

Performance Tracking & Assessment

Performance Tracking & Assessment measures student's progress through tests, projects, and real campaigns, providing constructive feedback to help them improve continuously and achieve mastery in digital marketing skills.

Career Support & Placement

Career Support & Placement helps students transition from learning to earning by providing guidance on internships, freelancing, and job opportunities. It also connects learners with industry professionals for networking, mentorship, and long-term career growth in digital marketing.
